

# WORKS NOTIFICATION

## Sewage Pump Station Upgrade: January – June 2024

To protect the health of your community and the environment, Unitywater is upgrading the existing sewage pump station located next to David Low Way, Castaways Beach. (North of Caribbean Park)

### What we are doing

- We will be building a new electrical building as well as installing pipework and pits.
- This will involve earthworks for site stabilisation, installing new pipes, construction of new building.
- We will be reinstating impacted areas as we go.

### What to expect

- To ensure the safety of our workers and the community the pedestrian path will be diverted throughout the duration of the work. Signage will be place to direct pedestrians and cyclists.
- Construction of a pedestrian bypass will begin 22/01/2024 and take approximately 1 week to complete.
- Earthworks and other construction works will begin 22/01/2024 and expected to be complete by mid June.
- Works will take place between **6:30am and 6pm**, Monday to Friday. Some work may be required on Saturdays to meet project timelines.
- To ensure the safety of motorists and pedestrians, we will have traffic signs in place during this time, where necessary.
- Some increase in noise is expected during these works. Every effort will be made to reduce the impact of this noise.
- You will be notified by the Project Contact below with a Construction Update notification if there are any changes to the project schedule or construction activities.

*Thank you for your patience as this important work is carried out ensure certainty of the sewer network.*
